The application of this product should be carried out following the manufacturers' instructions and according to the following document:

**Test Report Nos.**

**18-16246-279**

**18-16246-279-1**

This schedule must be read in conjunction with reports 18-16246-279 and 18-16246-279-1 and all aspects of the specification and limitations defined therein must be satisfied. Failure to comply with all specifications will invalidate the approval, and may jeopardise the fire performance.

**Director of Certification**  
**Ian Woodhouse**

**Date: 26 February 2019**

The certificate and schedule are held in force by regular annual surveillance visits by IFC Certification and the reader or user should contact IFC Certification to validate its status. This certificate remains the property of IFC Certification and must be returned to them on demand.
