BMT/CAN/F15082 Rev A**

The above referenced Field of Application assessment reports and Global Assessments cover a number of different door leaf designs in various commercially available configurations. The scope of the certification is limited to the details and parameters contained within these reports.

This schedule must be read in conjunction with the above mentioned Field of Application reports and Global Assessments and all aspects of the specification and limitations defined therein must be satisfied. Failure to comply with all specifications will invalidate the approval, and may jeopardise the fire performance.

**Ian Woodhouse
Director**

Date: 25 October 2017
