

Schedule for:

Ramkor International Ltd

64mm Thick Ramkor FD90 PLUS Doors

This Schedule references the test report RK141-1A issued 27th Feb 2018.

It is issued to fabricators of doors using Ramkor 90 PLUS door blanks installed in timber frames and is referenced on the certificate issued to the fabricator.

The Schedule forms an integral part of the certification specifying the scope and field of application for the doors including the configurations and leaf sizes approved together with the glazing, hardware, seal and frame specifications.

Only doors manufactured in accordance with this Schedule are deemed to be covered by the certification.

This schedule must be read in conjunction with the above-mentioned test report and all aspects of the specification and limitations defined therein must be satisfied. Failure to comply with all specifications will invalidate the approval and may jeopardise the fire performance.

Ian Woodhouse
Certification Director

Date: 23 January 2019

The certificate and schedule are held in force by regular annual surveillance visits by IFC Certification and the reader or user should contact IFC Certification to validate its status. This certificate remains the property of IFC Certification and must be returned to them on demand.
