

SCHEDULE No. GTL/S04

For Fire Resisting Doors:

Fireban Board 64mm thick FD120

This Schedule forms an integral part of the certification specifying the scope and field of application for the doors including the configurations and leaf sizes approved together with the glazing, hardware, seal and frame specifications.

Only doors manufactured in accordance with the referenced documents are deemed to be covered by the certification.

The Specification for the doors are contained in the attached documents reference **PAR 13335-01** doors respectively and have been prepared for IFC Certification by International Fire Consultants.

Ian Woodhouse
Certification Director

Issue:	2
Date first issued:	16 December 2013
Revised:	6 November 2018
Valid to:	31 May 2022

The certificate and schedule are held in force by regular annual surveillance visits by IFC Certification and the reader or user should contact IFC Certification to validate its status. The certificate remains the property of IFC Certification and must be returned to them on demand.
