ENHANCED SECURITY DOORSETS

Certificate number: IFCC 9004

1. This approval relates to the timber security single doorset in providing an enhanced security performance to PAS24:2016.
2. The doorsets are approved on the basis of:
 - a. Initial type testing reports listed in the schedules.
 - b. Audit testing as specified in IFCC Enhanced Security Scheme document IFCC SDSec 01.
 - c. A design appraisal against SDSec 01 if applicable.
 - d. Ongoing inspection and FPC audits carried out at the manufacturer's premises.
3. This approval is applicable to complete doorsets only.
4. This certification is designed to demonstrate compliance of the doorset specifically with the requirements of PAS: 24 and Secured By Design. If compliance is required with any other regulatory or guidance documents then additional requirements may need to be taken into account.

For the full specification of the product see the IFCC schedules which accompany this certificate.

5. The doorsets must be mechanically fixed to the supporting wall construction as described in the manufacturers approved installation instructions as applicable.
6. Labels to the IFCC design referencing the IFCC Certificate IFCC9004, PAS24, applicable rating and manufacturers name, must be affixed to each doorset in the specified position.

Additional information

If you require additional information regarding the certification of this doorset it can be obtained by contacting IFCC
